

# KF Energy Pro 93

## BMR Sudangrass

An improved BMR Gene 6 sudangrass that has get up and go and extreme quality. Medium relative maturity. KF Energy Pro 93 dries easier than sorghum sudangrass, which makes it possible to dry for hay. Excellent for grazing, baleage and dry hay.

- Dry stalk for quick dry down
- Excellent re-growth after harvest
- Exceptional drought tolerance
- BMR-6 for high digestibility

### Characteristics & Ratings

Days to Boot Stage: 60

Yield for Maturity: Excellent

Forage Quality: Excellent

Digestibility: Excellent

Seedling Vigor: Excellent

Recovery After Cutting: Excellent

Plant uniformity: Excellent

Standability: Good
