

RME-61 IG

Grain Sorghum

Medium-Early Red Grain Sorghum

- 61 Days to mid bloom
- Drought-hardy Producer
- Great head exertion for efficient harvest

Characteristics & Ratings

Medium Relative Maturity

61 Days to Mid Bloom

600,000 seeds per bag

Red Grain Color

Semi-Compact Head Type

45-55" Plant Height

Red Plant Color

Yield for Maturity:	Excellent
Head Exertion:	Good
Plant Uniformity:	Excellent
Seedling Vigor:	Excellent
Root Lodging:	Good
Drought Tolerance:	Excellent
Test Weight:	Excellent
Threshability:	Excellent

Field Positioning

Tough Dryland: Highly Suitable

High Yield Dryland Environments: Suitable

Sugar Cane Aphid: Medium Tolerance

Poorly Drained Soils: Manage Appropriately
