

KAS 245

Wheat

KAS 245 is a must plant wheat, that fits well into all conditions in the Mid-Atlantic region. KAS 245 is a true upgrade from KAS 240 with a 7-10% increase in yield. KAS 245 stands out among the rest with excellent test weight, and head scab resistance. The standability is highly noted within this variety and can handle high management practices with outstanding results.
